

Awesome Track Record

Don't just take our word for it...

"Lume has made KOA's move to the cloud a painless and pleasant experience. Their service and support is top notch. Lume has earned our trust and is able to provide us with insight and expertise that makes our solution a success."

- **Kampgrounds of America**

"RazorInsights' cloud-based ONE Enterprise HIS Solution pushes the technology edge in healthcare IT, and we require excellence in both capability and execution with our hosting partner. Lume is head and shoulders above their peers in setting and exceeding expectations. I wouldn't trust our clients' 100,000+ patient lives to anyone else."

- **RazorInsights**

"It is rare to find a partner as innovative and dependable as Lume. As an organization operating in the cloud market, we rely heavily on our partnership with Lume to flawlessly execute infrastructure and security elements of our business. Lume is a trusted advisor who is pivotal in our continued success and growth. We are committed to maintaining this relationship because Lume consistently delivers a robust, cost effective solution that is key to our success."

- **Adtech Global**

"Over the past several years, Lume has been a trusted technology partner for us. They have always gone above and beyond simply being a hosting provider and managing our environment. Since day one, they have taken the time to understand our business as well as our operational needs. Their service and solutions have definitely played a key role in our success and growth."

- **1800Accountant**

"Lume has been instrumental to Z1's growth and stability through backup, hosting, and consulting solutions giving Z1 the ability to grow with confidence and service for our customers best experience."
